

Alonda “Al” Hutchinson, MSN, RN, AGPCNP-C

Adult-Gerontology Primary Care Nurse Practitioner · DNP Candidate

AlhutchinsonAPRN@outlook.com | alhutchinsondigital.com | linkedin.com/in/alhutchinsonnp | Texas

PROFILE

Board-certified Adult-Gerontology Primary Care Nurse Practitioner with more than 35 years across military medicine, emergency medical services, critical care transport, emergency nursing, long-term care and primary care. Healthcare educator since 1988, having taught over 5,000 clinicians. Current work applies artificial intelligence to the documentation, quality and workflow problems of skilled nursing — practically, and with professional accountability kept intact.

CLINICAL EXPERIENCE

Primary Care Nurse Practitioner, MedElite Healthcare Management 2023 – Present

- Primary care for a daily census of 20–25 patients across skilled nursing and long-term care facilities.
- Manage complex chronic disease — diabetes, heart failure, COPD, hypertension, cognitive decline — in a medically fragile geriatric population.
- Deliver wound, palliative, transitional and post-acute care aligned with patient goals; lead interdisciplinary coordination with facility nursing, physicians, therapists, pharmacists and families.
- Conduct comprehensive assessments, medication reconciliation and advance-care-planning conversations to reduce avoidable hospitalisations.

Registered Nurse, Johns Hopkins Bayview Medical Center 2019 – 2021

- Acute and critical care nursing within a nationally recognised academic medical center.
- Served on the front lines of the COVID-19 pandemic response, caring for high-acuity and isolation patients under evolving protocols.

Registered Nurse — Emergency & Med-Surg, Jackson-Madison County General · Baptist Memorial – Golden Triangle 2015 – 2019

- Emergency and acute care nursing in high-volume regional hospitals; applied prehospital critical care expertise to rapid triage, resuscitation and stabilisation. Served as clinical resource and preceptor, bridging EMS and nursing practice.

Critical Care Paramedic, Pickens County Ambulance · Emergystat · Stat Ambulance 1996 – 2014

- 27 years of prehospital and emergency care, including high-acuity interfacility transport with ventilator, cardiac and multi-drip patients.
- Field leader and preceptor; supported EMS quality assurance, protocol adherence and continuing education.

TEACHING & HEALTHCARE AI

- **American Heart Association Instructor** (BLS / ACLS / PALS), 1988 – present. Over 5,000 healthcare professionals, EMS providers, nurses and students taught. Named EMS Instructor of the Year, 2012.
- Built EMS training programmes from initial certification through advanced continuing education; created a Nursing Preceptor Course for Baptist Memorial Hospital.
- **Hutchinson CareOS One** — operational-intelligence prototype for skilled nursing leadership, built entirely on synthetic data.
- **AI-Human Work Benchmark Map** — task-level decision tool scoring 64 illustrative work cases against six frontier models, separating AI capability from human accountability.
- Evaluating large language models for accuracy, safety and clinical relevance in healthcare settings.

EDUCATION

DNP , Univ. of Texas at Arlington	Exp. 2028
MSN , AGPCNP — Walden University	2022
BSN , Excelsior College	2018
